

# Echoes in Clay: Storytelling and Belonging

To celebrate Harmony Week and the International Day of the Elimination of Racism, Georges River Council, in partnership with Advance Diversity Services, have initiated *Echoes in Clay: Storytelling and Belonging*.

Community members will be supported to create unique clay artworks that reflect stories of positive connections to the area and local community. Participants will use art to capture memories and emotions, with the option to gift their piece to a randomly selected community member, encouraging the sharing of stories and acts of kindness.

## Workshop includes

- Guided storytelling through art with a skilled facilitator
- Demonstration of clay-shaping techniques and hands-on support
- Additional mixed media materials, including organic materials
- Option to incorporate a personal object into your artwork
- Digital album featuring photographs of all artworks will be made available online to inspire storytelling and acts of kindness
- Light refreshments
