

YOUTH WEEK

Social Space Art Workshop

Join us at Social Space and help create an Art Piece for Youth Week 2025!

This year, the Youth Week theme is about celebrating every young person's unique strengths, and recognising your individual and collective power as our current and future influencers, leaders and decision makers. We'll be working with the following prompt:

“ **I am**
We are the future, and the future is now! ”

So we are inviting you to help us plan & paint a mural to be displayed during Youth Week 2025, your chance to show your true colours.
