

PLAY 2 THRIVE SUTHERLAND SHIRE

We support families by creating opportunities for connection, learning, and support.

Led by qualified early childhood educators, our playgroups help parents and carers strengthen bonds with their children, connect with other families and local services. Join us and enjoy a safe, engaging space to play, learn, and grow together.

We welcome all families including those experiencing isolation, financial hardship, homelessness, mental health challenges, disability or developmental delays, domestic violence, substance use challenges, single parenting, diverse backgrounds, or Aboriginal and Torres Strait Islander heritage.
