## Getting Kindyready Playgroups 3-5yrs old

Is Your Child Starting School in 2027 or 2028?

Starting school marks an important milestone for both children and their families. This transition to primary school can bring about a mix of excitement and challenges.

Our weekly supported playgroups provide a safe, inclusive, and strengths-based environment to assist families and children during this transition by:

- Encouraging children and families to explore and articulate their feelings about starting school
- Strengthening connections between families, schools, early childhood services, and community resources
- Helping children build friendships and nurturing positive relationships
- Fostering children's confidence, independence, and emotional well-being
- Equipping families with the knowledge, skills, and confidence needed to support their child's journey to school
