

Community Supporter - Promotion Pack

Program Overview

The **NSW Migrapreneur Fellowship 2026** is delivered by Catalysr and supported by the Investment NSW Diversity Pre-Accelerator Program. It helps Migrapreneurs: founders from migrant, refugee and culturally and linguistically diverse backgrounds to take a startup idea from a concept to a validated business with a working prototype and a pitch that lands.

Over 8 weeks, founders work through entrepreneurial mindset, the Lean Canvas, customer validation, prototyping, MVP scoping, business modelling, storytelling and funding pathways in NSW that finishes with a final pitch and a roadmap for what comes next. Delivery is hybrid and after hours, in-person evenings at Haymarket HQ in Sydney alternate with online sessions via Zoom, with self-paced pre-learning and session recordings so founders can keep working, studying and caring for family while they build.

Program Details	
Eligibility	Migrapreneurs in NSW, migrant founders, refugees and international students
