

CARE LEAVERS & FORGOTTEN AUSTRALIANS IN AGED CARE

A FREE online workshop on Real Care the Second Time Around-A trauma-informed training project by Helping Hand Aged Care

Forgotten Australians/Care Leavers represent the 500,000 people who spent time in institutional and out of home care as children. Now older, they may experience barriers to care due to past trauma.

As we observe the Anniversary of the National Apology to Forgotten Australians and Former Child Migrants on 16 November, learn how providers can better understand and provide targeted support to this group within the Aged Care Diversity Framework.

When: Tuesday 17 November, 10:30 am to 12:00 pm AEST

Online via **Zoom** (link to follow)

Cost: FREE for CHSP & other aged care staff & volunteers

Facilitator: Chelsea Lewis from Helping Hand Aged Care and Sarah Lim from BBSafe

Register here

Partners: Macarthur Disability Services (MDS)

Funded under the CHSP program by the Australian Government Department of Health, Disability & Ageing
