

# Advance Care Planning *and* Commonwealth Home Support Program (CHSP) Services *Webinar*

## Webinar overview

Older Australians are living longer and have access to more choice as they age. They are more informed and empowered to shape their future care and ensure their wishes and preferences are respected through Advance Care Planning.

For many CHSP providers Advance Care Planning is unfamiliar territory and as such this webinar will raise your awareness of:

- relevant legal considerations
- Advance Care Planning processes and documents
- experiences of CHSP providers
- considerations at an organisational and practice level.

**Disclaimer:**
This webinar is supported by the Australian Government Department of Health, Disability and Ageing. Although funding for this webinar has been provided by the Australian Government, the material contained herein does not necessarily represent the views or policies of the Australian Government.
