MEN FOR CHANGE

OFF THE SIDELINES

Boys learn what is normal on the sideline, in the sheds and in the group chat. The men in those spaces already have more influence than they realise, and that makes them part of the answer.

Men for Change is The Family Co.'s annual breakfast bringing men together during the 16 Days of Activism, for an honest conversation about preventing domestic and family violence and the part men play in it.

This year is a ticketed, sit down breakfast and will feature:

- Sit down hot breakfast and refreshments
- An 'in conversation with' a special guest speaker **Dr Zac Seidler** and Simon Kennedy MP on boys and young men
- A panel drawing on sport, business and community
- Audience Q&A
- Auction and raffle to raise funds for The Family Co.
- Networking opportunities
- Will take place in the brand new Cronulla Sharks Leagues Club

You will leave with simple, practical things you can do at work, at the club and at home.

It starts where you are, one conversation at a time.
